Dear Rajeevan,
As discussed with you over phone, I have 1 week schedule. I can visit you next Tuesday, or provide me team viewer connection so that I can connect it remotely for fast troubleshooting.

Looking for your reply.

Subject: ANPR System at South Jetty

Dear Mr. Zeeshan

Please be informed that the ANPR system at south jetty gate is not working. The system is showing an alert message stating that " Camera is not working properly". However, the cameras are showing live images while access through the IP address. Your kind

cooperation and needed action to rectify the system by the earliest will be much appreciated

With best regards
